It has been a busy 3 weeks and feels like the children have been back at school so much longer - they have been fantastic in how easily they have settled back into school life. ### WELCOME

from Chief Officer for Education, SEND and School Infrastructure - Ben Pearson

Welcome to the Easter edition of SEND Matters. This month, all schools in Bedford Borough have welcomed back pupils after the lockdown period. I have been in regular contact with all Headteachers to share good practice, and to provide support where needed. At a recent education conference I was delighted to hear just how pleased our Headteachers were to be able to see smiling faces and hear laughter on the playground! I have been blown away by the courage and resilience shown by our children as they returned to school. I know that the return to school has

been daunting and challenging for many children (and adults) and I would encourage any parent who feels their child may need some support at this time to speak to their child's school or visit our Local Offer for more support.

I hope that you have a lovely Easter break and that we can safely start to meet up with other people and enjoy some Spring sunshine. May I also take this opportunity to wish our Muslim community a happy Eid Mubarak next month.

Thank you again for all that you do.  
Best wishes, Ben
